1) ADDITIONAL LANGUAGE WITHIN 1.4 SCOPE OF GEOTECHNICAL ENGINEERING CONSULTING SERVICES, PAGE 6, PARAGRAPH 2

- a) Per the provided 50% Schematic Design plans, we request that your firm complete the identified soil borings, along with a geotechnical analysis documented in geotechnical exploration report for each individual site. **In addition, the selected consultant is expected to provide preliminary reports within one week of drilling or sooner if available.**

2) QUESTIONS FROM CONSULTANTS AND ANSWERS

1. The RFP mentions the notice to award is scheduled for 5/19 with a 6/15 due date on Phase I. Is the date of 6/15 firm?
 1. **The due date is not fixed; however, timely submission of the information is important to ensure continued design progress.**
2. Referring to Page 8 of the RFP which states "Complete the Proposed Fee Table and the Proposal Fee Schedule Appendix D." Please confirm that it is just a one-page document on page 23 of the file/page 22 in the footer and that no other form is required for the schedule."
 1. **Yes, this is correct.**
